Food Service Purchasing Solutions

Optimize Your Food Purchasing Strategy

When you optimize your food purchasing strategy, you put yourself in a position for success. As a multi-industry group purchasing organization, The Campus Dining Purchasing Society is equipped to source for all the different needs of our members. That includes everything from broad, category-based sourcing to more tactical, product-level procurement. We analyze unit-level data and closely collaborate with members and suppliers to identify the right products and solutions, focusing on driving efficiencies and improving profits. Our unique relationship with our distributing partners allows us to provide a locked margin schedule, giving our members peace of mind in that they are receiving the best possible price for the highest quality product.

Helping our Members do more with their procurement

The CDPS Difference

Mission and Vision

You not only benefit from the massive number of deviated items, but we also keep pricing consistent through our locked margin schedule developed with our Distributing Partners.

Mission

Our mission is to save our members money without ever compromising quality or service.

Vision

We are an Association of Chefs, General Managers, Purchasing Directors, and Owners within the restaurant industry across the United States. The Campus Dining Purchasing Society team has created the most robust and flexible contract program in the industry. With the size of our Society and our distinctive relationships with over 400+ manufacturers of food and food service-related products, we have secured over 165,000 deviated items.
